ATTN: Paul Baker

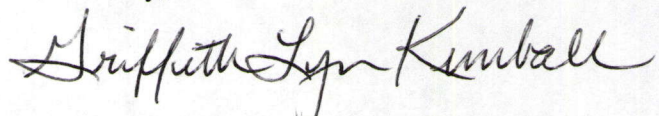

Dear Mr. Baker,

This letter is written in response to your last communication by certified letter and in response to our two telephone conversations recently with respect to your request for a definite schedule according to which we will complete the required reclamation work on our mine claims on the Dolores River in Grand County. We are grateful under the circumstances for your willingness to grant us an extension and understand your need for a definite time frame for the completion of this work which was begun during the weekend of November 3rd and 4th.

We agree to have this completed by the end of May 2002 weather permitting. Typical high water during April may make it difficult to accomplish any sooner.

We really do appreciate your cooperation and understanding in this matter.

Sincerely,

Griffith Lyn Kimball
Partner
